Summary of the main barriers faced by eligible pupils

Parental support with homework and encouraging their child in academic work in school. This leads to lack of aspiration in some children.

Some parents are unable to afford school visits and activities.

A small number of pupils have low attendance.

Outcomes

Desired outcomes and how they will be measured		Success Criteria
1	Parents will support their children to achieve their potential.	Teachers' records will indicate that parents attend all meetings with them and that they support their children in completing homework and reading at home.
2	Equal access to all areas of the curriculum and activities.	All children in receipt of pupil premium will take part in school visits and will attend at least one after school club or have music lessons.
3	The progress and attainment of pupils in receipt of pupil premium will be in line with all pupils.	Data will show that progress and achievement will be in line with all pupils in the school and the national average.
4	Pupils with Social and Emotional difficulties will make at least expected progress and will establish good relationships with staff and other children.	Half-termly teacher assessments will show that pupils make at least expected progress. Staff and pupil perceptions will provide evidence that they have good relationships with others.
5	Improve attendance.	Improve attendance to 96% and reduce the percentage of persistent absentees to 3%
